Career Objective

Aspiring Web Developer Intern skilled in building responsive web applications with HTML, CSS, JavaScript, React, Django, and MySQL. Experienced in API integration, database connectivity, Git based development workflows, and building user-focused web features. Strong problem-solver with hands-on experience in debugging, performance optimization, and collaborative development, with a passion for learning modern web technologies and delivering clean, scalable code.

Technical Skills

Programming Languages: Python, C, SQL, Java

Web Technologies: HTML5, CSS3, JavaScript, React

Frontend Development: HTML5, CSS3, JavaScript, React, Responsive Web Design, REST API Integration
Backend Development: Python, Django, Node.js (Basics), API Development
Databases: MySQL, SQLite, MongoDB
Tools & Platforms: Git, GitHub, VS Code, PyCharm, Jira
Familiar With: Cloud Deployment (Basics), CI/CD Concepts, Agile(Scrum)
Soft Skills: Problem Solving, Communication, Leadership, Time Management

Internship Experience

Full Stack Developer Intern – Elgoss Pvt Ltd June 2025 - Aug 2025

- Built responsive SPAs using React.js, HTML5, CSS3, and JavaScript
- Developed RESTful APIs with Node.js & Express and integrated MongoDB/MySQL.
- Implemented JWT-based authentication and ensured performance through testing and debugging.

Projects

Aurvani-Inspired Fashion E-commerce Platform Link

- Developed a responsive e-commerce web application for women's fashion with modern UI/UX design.
- Built user authentication and optimized frontend-backend integration for smooth performance.
- Ensured mobile responsiveness and efficient navigation across multiple devices.

Nursing Officer Training Platform Link

- Designed an e-learning platform for nursing exam preparation with structured study materials and mock tests.
- Integrated categorized content modules (subjects, notes, and practice tests) for better learning organization
- Developed a responsive interface to provide seamless access across devices and AI integration for test and queries.
- Enhanced user engagement by enabling easy navigation and quick access to exam-related resources.

Certifications

- IBM Cloud Computing Virtual Internship (sept 2025): Gained hands-on experience in cloud models (SaaS, PaaS, IaaS), IBM Cloud, and built a Watson chatbot integrated into an e-commerce site.
- Cisco Introduction to Cybersecurity (may 2025): Learned core security concepts, threat prevention, vulnerability.
- Udemy Full Stack Development: Learned coding (frontend and backend), database connectivity and deployment.

Education

Master of computer application **2024-2026**

Kashi Institute of Technology, Varanasi **CGPA-9.85**

Bachelor of science in computer science **2021-2024**

S.B. Arts and K.C.P. Science college(BLDEA), Karnataka **CGPA-9.31**
